

SCHOOL WISH LIST LINKS

Welcome to the School Amazon Wish Lists. We're always very appreciative of the support we get from parents to help build such a strong community at Oakwood. From time to time, parents ask if they can contribute to classroom learning. In response, we have invited all class teachers to create Amazon Wish Lists of additional items they would find useful beyond the resources already provided by the school.

You will find below the links to each class Wish List below. If you would like to purchase an item, simply follow the relevant link. We kindly ask that any purchase is marked as a gift and includes a brief message so we can identify which list the donation is from and to whom the gift is to be delivered.

This is entirely voluntary, with no expectation for parents to contribute. It is simply an option for those who wish to support in this way.
